

CARIAD SE RSA Soft-Token Workaround

1. Please use your smartphone and copy the corresponding activation URL which matches your mobile operating system.

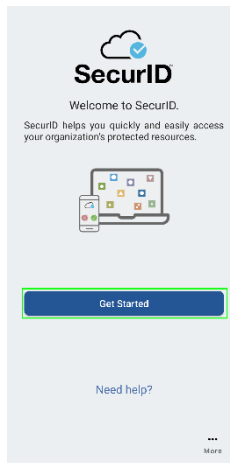

- Android

<http://127.0.0.1/secuid/ctkip?scheme=https&url=otpssp.volkswagen.de:443/ctkip/services/CtkipService>

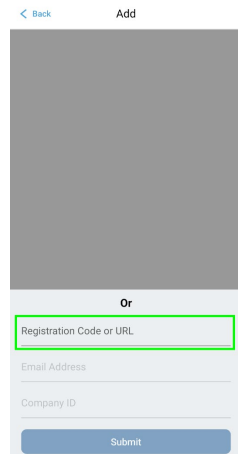

- iOS

<com.rsa.secuid://ctkip?url=https://otpssp.volkswagen.de:443/ctkip/services/CtkipService>

2. Please open the RSA SecurID app and choose “Get Started”.

3. Tap on the “Registration Code or URL” field.

< Back Add

Or

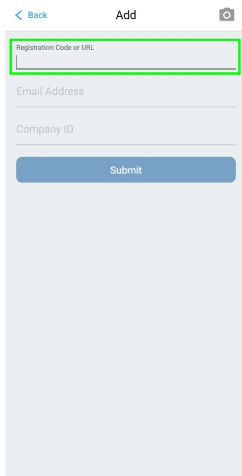

Registration Code or URL

Email Address

Company ID

Submit

4. Paste the activation URL into the “Registration Code or URL Field”.
Leave the “Email Address” and the “Company ID” field empty!

< Back Add
